

CAMPUS LIFE

Students can seek **support** from our services at any time during their studies, from when they start out at the university to the moment they leave. All our student services have been created to **help students settle in, study in a relaxing environment and enjoy their life** as students. **Cultural and sporting events and activities are organised all year round** to liven up student life at the university's seven campuses.

Sport

The university's sports union (SUAPS) offers a choice of **more than 80 different activities**. Students can also take **beginner or advanced courses** and participate in all kinds of **sporting events and stays** organised throughout the year.

Culture

We cannot talk about student life without mentioning our Cultural Events Office and the ***Maison de l'Université (MdU) venue***. Located on the landmark Mont-Saint-Aignan campus, these cultural hubs offer a top-notch programme of events every year: **shows, exhibitions, up-and-coming music and dance performances, arts workshops**, and more. The *Maison de l'Université* venue also has a **volunteer-run library** and **rooms for theatre or music rehearsals**.

Clubs and societies

We have about **60 different student clubs and societies** that contribute to making our campuses lively places thanks to the events they organise. So far, among other things, they have set up a poetry hub, a short film festival, moot court competitions, a support network for international students, a voluntary-run library and a welcome network for disabled students. They receive help from the ***Bureau de la Vie Etudiante*** (students' union) which provides **information on all aspects of student life**, from

accommodation, eating out and transport, to health, social welfare, culture and sport. The whole team actively supports the creation of **new clubs and societies**.

Disabilities

For students with a disability, the University of Rouen Normandy provides a **network of services to support you throughout your studies: *Espace Handicap*** (Espace Michel Serres – Bâtiment 4), **the student health and welfare service** at the *Maison de l'Université*, and the regional association **Handisup Normandie** (Espace Michel Serres – Bâtiment 4).

We offer a **university health and welfare service specifically aimed at students**. If you would like to make an appointment to see a **healthcare professional** or need **specific support**, you can go to any of the **four health centres** spread across three of our campuses (Mont-Saint-Aignan, Evreux, Madrillet).

University Libraries

Students at the University of Rouen Normandy have access to the **seven university libraries** dotted across our campuses and managed by the **central documentation service** (*Service commun de la documentation* – SCD).

This service provides students, lecturers and researchers with access to **print and electronic collections**, an **online information service** (Ubib), **group or individual training sessions on literature searches** and an **inter-library lending service**.

The staff at all the libraries are qualified and will be happy to help you. Libraries are open long hours from Monday to Saturday.
